Committee Positions

Check one (1) box below:

- Technical Committee Chairperson
- Technical Committee Vice Chairperson
- Marketing Awareness & Education Committee Chair
- Marketing Awareness & Education Committee Vice Chair

1. Please summarize your involvement with and contributions to the MSF.

Active member of the forum for the past 3 years. Supported various plug fest events conducted by MSF by means of contributing to test scenarios, test cases and also represented the company in the execution of those at the test site. Participation include GMI 2008 and LTE 2010

2. Where do you see the MSF going in the next three years?

Expand the scope of the end-to-end architecture to include voice and content delivery services. Continue working with other industry forum to further solidify the protocols and interfaces in the end-to-end solution

3. What are the MSF's biggest challenges ahead?

Keeping together the various technology leaders and continue to create value for vendors and service providers alike in the industry.

4. What contributions will you make to the MSF over the next year? What are your personal objectives should you be elected?

Continuing support on the upcoming VoLTE event, by means of contributing to test cases and being involved in the planning, execution and successful completion of the event.

Primary personal Objective would be to identify new standards/interfaces and suggest additional work items to be performed.

5. Please list your relevant business experience.

Over Seven years of successful professional experience in networking, data communications and mobile packet core networks. Performed various roles including Software development, customer support engineer and currently hold the position of Technical Marketing engineer. In this capacity, responsibilities include technical review of new products, performing product demonstrations, involvement in strategy discussions to meet market objectives and also developing and executing several market plans on various technologies.
